Sharon,

You made two online transfers last night without my knowledge from NH and from AE into your WSI acct for \$4,925.06. This is the same amount you took for google last week from these accounts. I want the monies put back into NH and AE. I did not give you permission to transfer them and you did not tell me or Humberto about it. Cash flow cannot be managed when you grab money whenever you want from whatever accounts.

Nicole
